

SmartSWOT – Installation on Windows devices

Step1 : Download and Install the application

- a) Access the url <https://www.vanschaik.com/smartswo/> on the system browser
- b) Navigate to Software & instructions Download section on the page
- c) To download Windows application, click on the Download button in Windows section
- d) Install the downloaded Smart_SWOT.exe file

Step2: Launch the Application

- a) After installation, SmartSwot icon is placed on the Desktop
- b) Click on the icon to launch the application

Step 3: Register and Log in

- a) Login screen is presented on launching the application
- b) Login with the user id and password credentials provided to you. Select ‘Stay Signed In’ option while logging in.

Step 4: Download the digital books

- a) In the home page under the “MY BOOKS” section, you will find your Digital resource books. You need to download the books to access the resources.
- b) Click on a book cover to access Table of Contents (TOC) of the book. To download the book, click on the download button in the TOC screen.
- c) It may take a while for the book to download. After the complete book package is downloaded, the resource links in the TOC become active and can be accessed.
- d) Repeat the process to download all the books.
